

Introducing Timberline Solar™:
the roof you know, now with power added.

Power that protects, beautifully

The power to choose your home energy source. Select a beautiful and durable roofing solution — from a manufacturing line in San Jose, California — and help generate energy from every roof.

Solar has never been easier

Benefits:

- **Timberline Solar™** from GAF Energy boasts the world's first nailable solar shingle, as part of an elegant solar roofing system. A Timberline Solar™ roof is both strong and appealing — and it generates clean energy. One installation. One project. Backed by an industry-leading warranty.¹
- And GAF-certified roofing contractors can install both the roofing and solar components.²
- **Save on Electricity** When you choose a solar roof from GAF Energy, it can produce clean electricity at a cost that's lower than your utility company's rate. Timberline Solar™ can even pay for itself when you calculate monthly electric bill savings³ and government incentives.⁴
- **Built-in Protection** Working with a GAF-certified contractor means your new solar roof is installed by an experienced roofer that can offer a comprehensive warranty covering both the roof and solar components.¹
- While traditional solar solutions get added on top of your roof shingles, Timberline Solar™ incorporates efficient solar technology inside durable shingles for superior water-shedding qualities.

Timberline Solar™ installs like traditional durable shingles.

One warranty protects the entire system, unlike other solutions that require separate power and roof warranties.¹

Experienced GAF-certified contractors handle the work on the roof.

Visit www.gaf.energy

¹ Available for qualifying systems installed by GAF Master Elite® or Certified™ contractors only. See *Golden Pledge® Limited Warranty* and *Solar Max Limited Warranty Addendum* for complete coverage and restrictions. For complete information about your enhanced warranty options, visit www.gaf.energy/warranty. For installations not eligible for enhanced warranties, the *Timberline Solar™ Shingle & Accessory Limited Warranty* and *GAF Shingle & Accessory Limited Warranty* apply. Visit gaf.com for copies of these limited warranties.

² Contractors enrolled in GAF certification programs are not employees or agents of GAF, and GAF does not control or otherwise supervise these independent businesses. Contractors may receive benefits, such as loyalty rewards points and discounts on marketing tools from GAF for participating in the program and offering GAF enhanced warranties, which require the use of a minimum amount of GAF products.

³ Savings will vary and are not guaranteed

⁴ Incentives and eligibility requirements vary and availability is not guaranteed

Energy from every roof™
